

Celeste

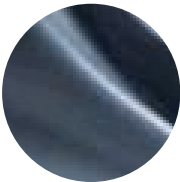

Crafted to order on the finest selection of European raw material, Celeste is a sophisticated semi-aniline marked by its elegant and eye-catching pearlescent finish. Featuring an exquisite palette of soft and subtle neutrals, it was designed to help infuse aircraft interiors with illuminating dimension and modern day appeal. Designers also have the freedom to create custom colors of Celeste to complement their existing cabin schemes. All hides are treated to pass FAR 25.853 (i) (ii).
